Dear Kordell:

A note of thanks for your keynote presentation and breakout session at our national conference. Your high energy, humor and solid insights on how our members could grow their business were right on the mark. I knew there was a reason I kept you in reserve for the ending of the conference. You lifted the atmosphere and sent our participants home with concrete things they could do . . . and let them laugh a ton in the process.

You have been flexible and great to work with; I thank you for that as well. What a great way to end the conference.

I have a board member who is going to send notes to several others who were not there; telling them how much they missed by not hearing your presentation. I wanted a session that people would be sorry they missed if they left early and you really delivered on that.

Thanks again.

Warm Regards,

Sandra Gaskin
Executive Director
